#### Acrylic Photo Transfer Project

Take note of the new time starting at 2:30pm on Tuesday, Nov. 8th. This month will be something a little different. We will be creating a photo transfer craft project. Participants will need to bring 2 (preferably old) photos. Copies will be made of the photos and those will be used for the craft.

You do not need to be "crafty" to do this project. We suggest making this a family project and asking school aged family members to help choose the photos. During work time we will share what everyone is working on in regards to family history and work through questions anyone might have.

The SPL staff is looking to make this group an accessible, laid back, and informative place to grow and learn. Bring suggestions and questions so we can best serve you!

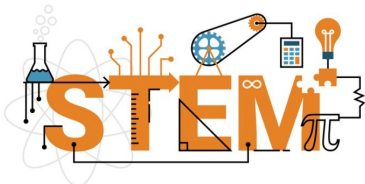

### STEM Monday:

**Monday, November 21 from 3:30-5:00pm**

Kids and families are encouraged to stop in after school and learn about and play with the fun and engaging STEM games available for checkout.

This will be a reoccurring event.
