Genealogy & History Group:

Tuesday, March 14 at 2:30pm

March 14 is *National Write Down Your Story Day*. What is your story? How much of it is comprised of generational nuances? A recipe here, a story there, a custom unique to you but an absolute norm to your family; all these things come together to make you who you are. Join us as we share what familial behaviors have been carried down and made you, you. How did these start? Was it based out of cultural heritage or out of economic standing? Why have these nuances stuck with the family for so long? These are the questions and answers we will be sharing as we look at our personal stories and how we can *write them down*.
